FOR IMMEDIATE RELEASE Friday May 6, 2022

Giant HUG protects Burnaby Mountain from Trans Mountain Pipeline Expansion (TMX)

Unceded səlilwəta? (Tsleil-Waututh), xwməθkwəyəm (Musqueam), Skwxwú7mesh (Squamish) & kwikwəλəm Territories BURNABY – In an action inspired by other iconic human chains in history and around the world, hundreds of people will gather this Saturday to encircle Burnaby Mountain in a giant HUG to stand against the Trans Mountain Pipeline Expansion.

WHEN: Saturday, May 7, 1-4pm

WHERE: Burnaby Mountain (see various sites below)

<u>Media opportunities:</u> Saturday May 7 at 2pm at Kwekwecnewtxw Traditional Coast Salish Watch House. Watch House Elder Jim Leyden will offer prayers and words. HUG Spokesperson Dr. Kate Tairan is available for interview. <u>Visuals:</u> Watch House, kids, people gathering and forming HUG. Backdrop of forest and tanks, banners. People in a human chain along the forest road.

2:30pm at TMX Burnaby Terminal gates at Shellmont St and Underhill Ave.

Kukpi7 Judy Wilson will be available in addition to a HUG Spokesperson & Protect the Planet Spokesperson. <u>Visuals:</u> Main gate for the TMX Tank Farm, injunction sign, totem pole, people in a human chain down Shelmont.

Photos and Video will be available through the day at https://mega.nz/folder/kQMkWQSY#pglu8Tgw26nyOzRGhboxyw

WHY: Facing the climate crisis demands a drastic reduction in the use of fossil fuels and an end to building new fossil fuel infrastructure. The Trans Mountain Expansion will triple the amount of diluted bitumen transported from the Alberta tar sands to Burnaby BC – 890 thousand barrels per day – resulting in deadly increases in global emissions. This project is the opposite of what scientists and health experts have been urging for years, undermines Canada's commitments under the Paris Climate Agreement, crosses the unceded territories of many First Nations without consent, and ignores the Intergovernmental Panel on Climate Change (IPCC) global report that UN secretary-general Antonio Guterres called "code red for humanity."

Burnaby Mountain is a highly impacted site of TMX construction. It hosts the Burnaby Terminal (a collection of flammable storage tanks) and the Burnaby Mountain Tunnel, which will involve boring through the mountain to accommodate the pipeline. Students, faculty and staff of Simon Fraser University and nearby schools, residents of Burnaby, and the cities of Vancouver, Burnaby and New Westminster all oppose TMX.
